

Housing Details In Region Detailed At Chamber Meet

Many Places Available In Easy Reach Of Valley

Some 30 resort and hotel owners met Friday at the invitation of the Truckee Donner Chamber of Commerce at Donner Lake Lodge to hear a report by Robert McMahon, housing director for the Olympic Games in 1960.

McMahon made a report on housing conditions in the area and answered questions regarding the price structure and accommodations.

A total of 35,721 accommodations ranging in price from \$5 to \$12.50 per person per night are available within a radius of 50 miles from Squaw Valley, site of the winter games, it was revealed by McMahon.

McMahon's report followed rumors of "price-gouging" practices through the area.

The breakdown, prepared by McMahon and transportation director Martin Blatt disclosed the following accommodations:

Lake Tahoe North Shore, 4234; Lake Tahoe West Shore, 2715; Lake Tahoe South Shore, 7687; Truckee, 472; Donner area and Emigrant Gap to Norden, 1328, and Reno-Sparks, 17,700.

In addition, the survey showed 2191 accommodations among Auburn, Grass Valley, Marysville, Nevada City, Placer, Portola and

Driver Is Killed In Crash On Summit

Floyd Marion Lumpkin, 75, a resident of Oakland was killed Saturday night when the small foreign car he was driving collided head-on with a vehicle driven by Gervacio Quinagoran Jose of San Francisco, near Kingsvale.

Evidence pointed to the fact that the dead man was on the wrong side of the highway, apparently passing another vehicle when the accident occurred in a light snow storm.

Jose was not seriously injured. The body of Lumpkin was shipped to Grant Mills Mortuary in Oakland by the Truckee Colonial Mortuary for cremation. The victim was a native of Iowa born August 3, 1883.

Freak Mishap
William Robert Rocha, Truckee, escaped injury when his car plunged into four feet of water in the Truckee river five miles east of here Friday morning. A truck driver reported to the California Highway Patrol that he had spotted the submerged car with the lights still burning. Patrolman Martin Sturcke went to the scene and spent some time searching for the driver without success.

The car was pulled from the water but still no sign of the driver. At 9 a.m. Rocha reported the accident and was uninjured and not disturbed by the mishap. He was cited for not having his vehicle under control.

CHIROPRACTOR HAS OFFICE IN TRUCKEE

Dr. H. P. Tapia, doctor of chiropractic has opened his office here on the ground floor of the telephone building, choosing Truckee after seriously considering several other locations.

Dr. Tapia said he had maintained offices for the past ten years at San Fernando. For the past 5 years he has headed the obstetrical department of the Los Angeles College of Chiropractic and also has held the presidency of the California chiropractic obstetrical group and is a national member of the Chiropractic Association.

Dr. Tapia and his wife, Louise, are the parents of three children, a boy 13, named Alan and identical twin daughters, age 10, named Lonny Lee and Patsy Dee. Mrs. Tapia and the children will remain in the south until the close of the school year.

WYETHIA CLUB WILL MAKE POPPIES FRIDAY

Members of the Wyethia Club will meet to-morrow, May 8 at one o'clock in the club house to spend the afternoon making California poppies to be used as favors at the general Federation of Women's Clubs convention to be held in June at Los Angeles.

Mrs. William Randall will preside at a brief session and coffee will be served.

MORRISSEAU HAVE INFANT DAUGHTER

Marie Ann greeted her new parents, Mr. and Mrs. John Morrisseau at Tahoe Forest Hospital, following her arrival at 11:19 p.m. on April 30. Marie first tipped the scales at a bouncing 8 pounds, 6 ounces.

Morrisseau is on the Sierra Sun staff as linotype operator.

Mr. and Mrs. William Morrisseau of Sacramento arrived during the week end to see their first grandchild, the latter remaining to visit with the local family.

Fund Is Asked To Restore Historic Truckee Landmark

The Nevada County Board of Supervisors put off until budget hearing time any official action on the request of Supervisor H. G. Loehr that the old Rocking Stone Tower in Truckee be restored.

The ancient structure, atop the historic rocking stone, adjacent to the new freeway adjoining the Veterans Memorial Building and in its present dilapidated condition is not only an eyesore but actually dangerous for youngsters playing therein.

The Truckee Donner Chamber of Commerce some time ago went on record as favoring restoration of the structure and Supervisor Loehr was asked to learn what could be done to make it attractive and repair it permanently.

Purchasing Agent Clare Hughes advised the board that an estimate of the cost had been set at approximately \$5,000 which would provide for a steel canopy, sloped and mounted atop 14 8-inch steel columns with a steel mesh fence surrounding the lower portion. Steps would lead from the ground providing a beautiful lookout post.

The Indian legend of the rocking stone could be inscribed on a plaque and mounted in the tower, providing a historical attraction for visitors to the area.

Advisory Board Is Selected By Bank

An advisory board of five prominent businessmen of the Truckee area has been named to council officers of Bank of America's Truckee branch concerning matters of economic and community interest, Manager Lee H. Apple announced today.

Members of the board are: N. F. Doley, real estate man, constable and president of the Truckee Donner Chamber of Commerce; Ignatius Firpo, owner of Cabona's Mens' and Womens' Wear and president of Tahoe Forest Hospital directors; Richard Joseph, Truckee motel and real estate man; Joe King of Reno, resort owner and president of the North Tahoe Public Utility District and Norman R. Mayfield, Tahoe City boat dealer and real estate man.

"We at our branch are very fortunate to have the counsel of these men, with their knowledge and experience in this area," declared Apple. "We are grateful to them for accepting appointment."

The new board is one of several similar branch advisory groups throughout California.

DOLLEY CHAIRMAN OF LOCAL FIRE BOARD

N. F. Doley who recently resigned as chief of the Truckee Volunteer Fire Department to accept a post on the fire commission was elected chairman of that group at an organizing meeting held last Tuesday. Earl Stice was named as clerk of the board. The other member is Elden Tonini.

CIVIL AIR PATROL TO MEET HERE TUESDAY

Mrs. Hugh Weinand announced this week that an organization meeting of the Civil Air Patrol would be held at Veterans Memorial Building Tuesday at 8 p.m.

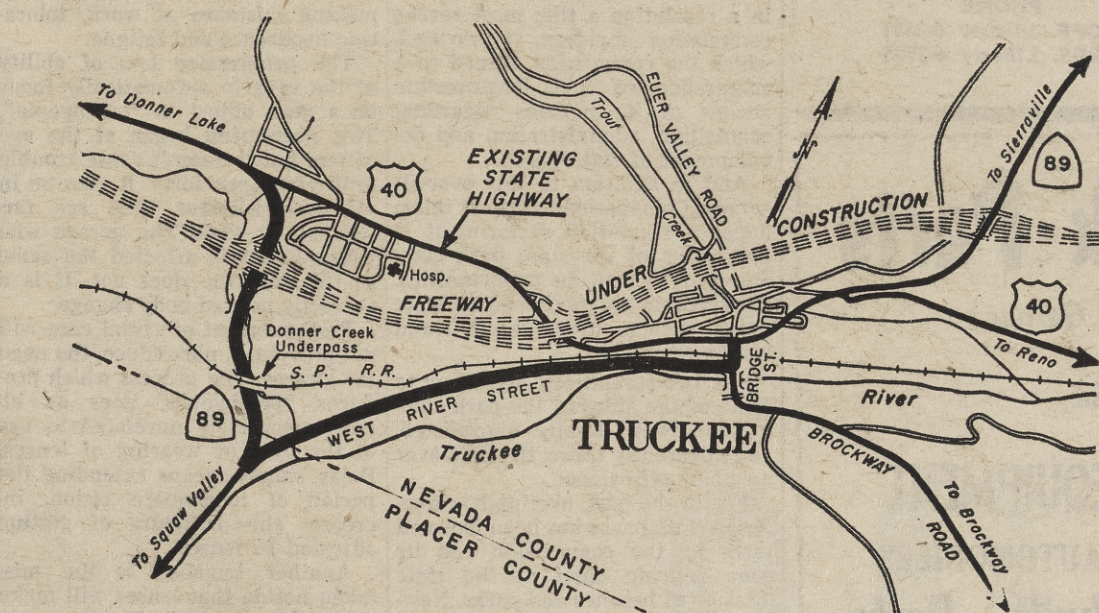

All boys and girls over the age of 14 as well as parents are urged to attend as a representative of the CAP at Reno will be on hand to discuss and explain the functions of the organization.

Three Truckee boys currently belong to the CAP and Mrs. Weinand is a senior member of the group.

SENIOR GIRL SCOUTS PREPARE FOR CAMP

Eight Senior Girl Scouts held their training session at the Galena Creek Boy Scout Camp during the weekend where they practiced patrol setup, including pitching tents, setting up cupboards, preparing tables and stoves and other camp activities.

The patrol flag was painted and designed for the patrol boxes. All the equipment will be taken to the national roundup in Colorado this summer. The troop was visited by Mrs. Horsely, president of the Sierra Nevada Council and Mrs. Carson Franzini and Mrs. George McKernon, members of the select committee. The next meeting will be held at Camp Wasiu at Meeks Bay May 22 to 24.

The California Highway Commission has allocated \$50,000 to improve West River Street in and west of Truckee for use as a temporary detour for northbound traffic on Sign Route 89 during

the Winter Olympics at Squaw Valley next February. The map shows the detour route to Truckee and U. S. Highway 40 which will be placed in operation during

the Olympics to reduce congestion at the two-lane Donner Creek underpass. The U. S. 40 freeway, shown as under construction, will be completed late this year.

Dr. King, Edmunds, D. Horman, Russell Elected In District

262 Voters Turn Out For District Balloting

Voters of the Truckee Public Utility District turned out 262 strong in Tuesday's election to return two of the four incumbent directors and two new members to the five man board.

Polling 166 the highest number of votes was Dr. Ben King, a present board member, while Cecil Edmunds, who retired as manager of the district after more than 30 years, was second on the list with 149 votes.

Daniel Horman, another incumbent, was third with 129 votes and the second new member, Lauren Russell, received 121.

Four votes behind Russell but eliminated in the balloting was Charles Vind with 117 votes, followed by H. L. (Bud) Owens with 98, Jack Ellis, 88, Jack Neugebauer, 75 and Raymond Hartstein, 65.

The only hold-over board member is George Kaspian. Hal Welch, president of the board, was not a candidate for reelection.

The new officers will take up their official duties on May 28 following their certification on May 15.

SNYDER ATTENDING CHP TRAINING MEET

Sgt. Francis H. Snyder, officer in charge of the Truckee CHP substation attended a California Highway Patrol field operations management training course in Sacramento last week. The session ended today.

The purpose of the patrol's in-service training program is to keep the organization's efficiency at a high level. This is done through periodic review of enforcement procedures and techniques and of the principles of supervision and management.

Sgt. Snyder has been a member of the California Highway Patrol for 17 years. He came to Truckee three years ago, transferring here from Sacramento.

WORK ON HIGHWAY RESUMED ON SUMMIT

The division of highways announced today that work has been resumed on the conversion of a portion of Highway U. S. 40 from Hampshire Rocks to Soda Springs to a full freeway. Operations were suspended in December for the winter.

This project was started in April, 1958 by Clyde W. Wood and Sons, Inc., and Kirst Construction Company, and Alwood Corporation of North Hollywood. The work is now 61 percent completed and no difficulty is expected in having this section ready for use in time for the winter Olympic games.

Leon R. Hawkes is representing the division of highways as resident engineer.

From Loomis—
Mrs. Walter Bigelow of Loomis called Thursday on local friends.

Local Matrons In North—
Mrs. Milo Horne and Mrs. Charles Osburn are expected soon from a trip to Vancouver B. C. They will be accompanied here by Mrs. Charles Cross who had been visiting her daughter in the north.

State Will Finance Truckee Detour To Olympic Contests

The California Highway Commission allocated \$50,000 to provide a temporary detour to help handle the anticipated heavy traffic on a section of State Sign Route 89 during the 1960 Winter Olympics at Squaw Valley.

The detour will be established during the Olympics to ease traffic congestion at the two-lane Donner Creek railroad underpass on Sign Route 89 just south of U.S. Highway 40 near Truckee. Widening is now nearly completed on 8.5 miles of Sign Route 89 from the underpass to the Squaw Valley Road.

State Highway Engineer G. T. McCoy told the commission that more than 2,100 vehicles an hour are expected on this portion of Sign Route 89 while Olympics are in progress. The maximum capacity of the underpass is 1,400 vehicles and hour, he added.

To reduce congestion at this point, McCoy proposed a temporary detour for north bound vehicles via West River Street Bridge in Truckee.

The \$50,000 voted by the commission will cover the cost of improvements to the West River Street extension between Sign Route 89 and slightly west of Bridge Street in Truckee, including widening of a bridge over Donner Creek. Also included in the project is relocation of warning signals at the Bridge Street railroad crossing.

Teachers Will Get Raise In New Year

Certificated teachers in schools of the Tahoe Truckee Unified District will receive a \$200 a year across the board salary increase under a motion passed unanimously by the governing board of the district at the latest meeting.

However, the maximum salary was fixed at \$8,000 a year. The motion was made by B.K. Miller and seconded by Herbert Obexer.

The board accepted resignations from four teachers and voted to employ five teachers and two non-certificated employees. Those who have resigned are Miss Phyllis Carter, girls' physical education instructor at the high school; Mrs. Thelma Meiss, dean of girls, and Miss Winifred Carter, English teacher, both of the high school faculty and Mrs. Dorothy Corbin to transfer to the substitute staff.

Those employed were Niel E. Gates, history, basketball and football coach; Thelbert F. Greene, auto and metal shop instructor, both at the high school; Mrs. Edith Castle, elementary teacher, Tahoe Lake School; Kenneth A. Stewart, 9th grade core, high school. L. J. Robinson was employed as a bus driver-custodian and F. C. Brines as a bus driver-mechanic.

CONSTRUCTION SHED AGAIN BURGLARIZED

The Gordon H. Ball Company tool shed was again burglarized last week, and Deputies Sheriff Leo Zander and Emery Lander were called to investigate.

The door to the storehouse had been broken open and a Kohler light plant, valued at \$300 was taken. The robbers were apparently scared away as other valuable tools and equipment were not disturbed.

Shirley Smith Will Serve As Queen For Local Events

Several hundred people attended the old fashion box supper held at the Tahoe Truckee high school Friday night. The box supper was a huge success and the teenagers were bidding more than the elders.

The high light of the evening was the crowning of "Miss Donner Lake". Shirley Smith was crowned the queen and Nancy Williamson was runner up, just missing the title by two votes. Terry Ellis was third and the two young ladies will serve as princesses. Rex Reid presented each of the seven candidates with a beautiful bracelet corsage. The winner was given a beautiful bouquet of roses donated by C. Z. Smith.

Entertainment for the evening was the Roaring Twenties Revue and really went over with all the Charleston dresses loaned by Mrs. Robert Hall and Mrs. Pearl Heller.

The decorations were handled by Mrs. Barney Campbell and Virginia O'Beir. Coffee was made and served with Elenore Capel in charge. Laura Horman was announcer for the show and Emery Lander and Dr. Affeldt auctioned off the box suppers. Mrs. Bill Englehart, Jr. played piano. Dr. Affeldt did a terrific job of introducing the candidates and interviewing them. The Ladies Auxiliary wants to thank everyone who participated and made this such a tremendous success.

All proceeds will be used to help buy needed equipment for the Donner Lake Volunteer Fire Department.

Trucks Crash, Man Hurt, Beans Spilled

One man, Billy Gene Kimbell, 28, Truckee, a truck driver for the Bond Trucking Company was injured, two other trucks were wrecked and tons of beans were scattered over a wide area in a freak accident at Hirschdale at 10 a.m. Wednesday.

Kimbell was operating a loaded gravel truck going east when the bean truck driven by Roy W. Lee, 31, Twin Falls, Idaho, came off the Hirschdale bridge at an unsafe speed, according to Patrolman Carroll Maynard, and went on the wrong side of the highway and crashed into the Kimbell vehicle.

Clyde W. Blunt, 36, Modesto, driving an empty gravel truck following the Lee bean truck was unable to stop in time to avoid a collision.

Kimbell was treated for a broken hand at the Tahoe Forest Hospital. Lee was cited for excessive speed and having defective brakes.

SPORTSMEN TO NAME OFFICERS AT MEET

Officers for the coming year will be chosen at a meeting of the Truckee Outdoor Sportsmen to be held Friday evening at 7:30 in Capitol Hall.

During the meeting one of the members will be awarded a troll reel from the club.

Vice President Charles Osburn said that a program of movies will be shown and a large turn out will be appreciated.

The present officers include Frank Fox, president; Charles Osburn, vice president; Mrs. Edith Welch, secretary and five directors.

Much important business lies ahead of the club with the continuing construction, river dredging, dam building and other projects effecting fish and game and interest in the club's activities is urgently needed.

WEEDEN BOY HURT IN BASEBALL MISHAP

Mr. and Mrs. Tony Polyanich returned home this week from Oakland and are waiting encouraging word of improvement of the condition of their youngest grandson, Roger Weeden, age 7 who has remained in a semi coma since he was hit last week above the ear by a baseball bat, swung by an older pupil on a school ground at Oakland.

When the accident occurred Mrs. Polyanich had just been released from the U. of C. Hospital and was visiting the boy's parents, Mr. and Mrs. Keith Weeden when the call of the serious injury was received. Roger is being treated by a specialist and it is hoped that he has a speedy recovery of health.

Teenagers To Seek World Record For Painting Dwelling

Cameron Will Time Local Students On Project

Climaxing the giant cleanup, paintup program which has already resulted in a vast improvement in the appearance of the community, the Truckee Donner Chamber of Commerce, with the cooperation of other organizations and some 100 high school teenagers, Saturday will attempt to break a world's record in the time for painting a dwelling.

Newly elected State Senator Ronald G. Cameron will be guest of honor of the chamber and will time the painting operation, starting at 9:30 a.m.

W. M. Englehart, Jr., chairman of the paintup committee, and General Chairman Zeph Rose said they have enlisted the aid of 100 or more high school students who will apply the paint on the small dwelling owned by the Methodist Church and located between the church and parsonage.

Working with the committee is Lou Reel, district official for Pabco Paint Division of Fibreboard Corporation, whose company is supplying the paint, brushes and other essentials through the Builders Service Center.

Band, Cadets

Aside from the painters, Englehart said the high school band under the leadership of Ross Price and the Cadet Corps headed by Stan Drakulich from the high school will be on hand to provide entertainment. The present record is something like seven minutes and the local committee hopes to accomplish the job in little more than five minutes.

Scaffolding and other needs will

Essay Winners For P.T.A. Announced

Winners of the safety essay contest sponsored by the Truckee Elementary P. T. A. in conjunction with the Truckee Lions Club have been announced. The judges had high praise for all of the young writers and in one case at least, were deadlocked in an attempt to decide between first and second prize awards.

The two top prize winners in each division will be asked to read their winning essays at the Truckee Elementary P. T. A. meeting Monday evening May 11th. They will be presented with their prize money at that time. Honorable Mention winners will not read their essays but will be awarded ribbons for their excellent work.

Names of winners are as follows: Third Grade: Karen Brethauer, first prize; Mike Larsen, second prize.

Third and Fourth Grade: Linda Russell, first prize; Len Vind, second prize.

Fourth Grade: Jan Williams, first prize; Gail Englehart, second prize. Garee Lynn Stewart, Honorable Mention.

Fifth Grade: Charles Trainor and Diana Pankoke, tied for first prize. (These two contestants will be awarded equal prize money.) Anne Morey, Honorable Mention.

Sixth Grade: Pat Shane, first prize; Tod Bedrosian, second prize; David Sorani, Honorable Mention.

THRILLS ON TAP AS PLAY IS OFFERED

BY NANCY WATTS

Candy in a glass skull, snakes in the living room and little men running around in Roman togas. All this and more will be in "You Can't Take It With You", presented by the senior class of the Tahoe Truckee High School this Friday and Saturday, May 8 and 9 at 8:30 p.m. in the high school gym.

Tickets may be purchased at the door. Admission is \$1 for adults, 75 cents for students and 50 cents for children seventh grade and under.

DIGESTIS LEAVE TO RESIDE IN NEVADA

Truckee lost one of its best known families when Mr. and Mrs. Harry Digesti and their two children moved to Reno, selling their new home at Gateway Park to Mr. and Mrs. Harry Raynor, the former in charge of the meat department at Z Market.

Digesti a native of Truckee attended the local schools, served with distinction in World War II and returned to enter business here. He has sold his interest in the Truckee Tahoe Fuel Company and Jerry Little of Kings Beach has assumed management, replacing Digesti.

Digesti is now associated with a former Truckee resident, Orlan Saunders in the auto parts business at Sparks but will reside at Reno. Their many friends here will wish the Digestis success in their new venture.

Mr. and Mrs. Jack Ellis and Mr. and Mrs. Karl Kielhofer were hosts last week to Mr. and Mrs. Donald Crook of Childress, Texas, uncle and aunt of Ellis and Mrs. Kielhofer.

AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO—(CNS) — The
appointment by Governor Edmund
G. Brown of Joseph Houghteling,
Sunnyvale publisher, and Will
Rogers, Jr., to the state park com-
mission, already appears to be pay-
ing dividends to the people of the
state of California.

The two commissioners tossed
in a resolution a tthe most recent
commission meeting, through
which the commission agreed to a
comprehensive and long-overdue
review of its policies regarding
acquisition, administration and de-
velopment of state parks.

And in addition to this over-all
survey, Commissioner Rogers intro-
duced a resolution declaring it is
the policy of the state park com-
mission "to provide opportunities
for recreation experiences in state
parks, such as overnight tent and
trailer camping."

The two resolutions, according to
some of the aides of the park com-
mission, were totally unexpected,
and apparently threw the hold-over
members off balance.

For in the past, over-night camp-
ing in state parks has been frowned
upon by the commission and its
soon retiring chief of the state
division of beaches and parks, New-
ton B. Rrury. Several years ago
when this column first started com-
menting on park commission poli-
cies with relation to public use of
the public's land, the D. L. Bliss
State Park at Lake Tahoe had some
900 acres of land and a handful of
campsites for the public. But park
commission policy forbade anyone
with a camping outfit to throw
down in the park, despite the fact
that there was plenty of vacant
space for camping.

The excuse at the time was that
no fires were permitted outside of
regular camp-sites where fireplaces
were built. And that has been the
policy ever since while the com-
mission constructed expensive
houses for its personnel and dal-
lied in the construction of camp-
sites for the public.

The commission, of course, did
not consider that many people who
wanted a place to camp wouldn't
want fires anyhow, as they had
their own camp stoves.

Houghteling and Rogers, of
course, do not have any intention
of ruining the beauty of the state

YOUR VISION

By: Albert J. Demers,
Optometrist

WHAT IS THE MEANING OF A LOSS OF NEAR VISION?

The most common of all visual
problems is the loss of near vision.
Sooner or later difficulty with close
work arises for everyone almost
without exception. "Glasses or lon-
ger arms are necessary."

This loss of near vision some-
times causes alarm. Some people
unnecessarily give up doing things
they should, or like, to do. While
others continue to struggle along,
making mistakes at work, tolera-
ting headaches and fatigue.

The progressive loss of ability
of the eyes to automatically focus
on a near object as "presbyopia".
This decreasing began at the age
of ten, but it doesn't cause trouble
until about age forty. It goes on in
all eyes whether they are far-
sighted, or what. The person who
wears lenses is affected the same
as the one who does not. It is a
perfectly normal body change.

Postponement of visual care will
not prevent it, nor reduce, the need
for glasses. The process which pro-
duces "presbyopia" goes on al-
most completely unrelated to use
of the eyes or wearing of lenses.
Delay simply means extending the
period of inadequate vision, in-
creases the difficulty of getting
adjusted to lenses.

Another bugaboo is the mis-
taken notion that lenses will make
the vision "worse". It may seem
that vision is worse after use of
glasses, but only because the old
way of seeing is not satisfactory
anymore. Besides, the eyes have
continued to change in the mean-
time.

The beginning presbyope is faced
with a period during which con-
stant changes of lenses are neces-
sary. The eyes will not tolerate
too much lens power; it must keep
up with the rate of focus loss. The
changes occur until focus power of
the eye reaches zero.

There are other causes for the
blurring of near vision; usually,
however, it comes from the focus
loss of presbyopia, a natural and
predictable development of increas-
ing age.

But their resolution does
say that in conformity with the
over-night camping policy, the
chief of the division shall have in-
cluded in each master plan of de-
velopment for those parks which
can accommodate such facilities and
"within the limits of the land carry-
ing capacity and without serious
impairment of the significant land-
scape qualities of the area, sites
suitable for the installation of
appropriate overnight facilities
camping."

This constitutes a major victory
for the public in its long battle to
obtain usage of the state park
system, which can accommodate
hundreds more campers than are
permitted in the parks at the pre-
sent time.

And within a short time, when
Drury retires, it is expected that a
new chief of the division will be
appointed who will carry out the
express purposes of the commis-
sion, and attempt to provide ways
and means for the public to use
the parks to the maximum.

Houghteling and Rogers are to
be congratulated for their efforts
on behalf of the people of Cali-
fornia.

TRUCKEE, CALIF.

BEST FOR LESS

NORTH TAHOE
By JUDGE HARRY CHARRISON

WEATHER
Temperature the last few days varied between 30 and 35. There went our first summer. Very little precipitation, just enough to lay the dust. Saw a party of robins going south on the golf course with their collars up with a look of disgust on their little faces—but they will be back soon.

NEW CITIZEN
Tamara Lynne, the sweetest baby you ever saw, was born on April 26, weighing 6 lbs 13 ounces to Jim and Markey Williamson of Tahoe City. Why shouldn't she be beautiful with parents as handsome as her mother and father. Congratulations, Jim and Markey!

FROM SOUTH
Susie McMillen drove up from Pasadena to the home of Andy and Alice Sorensen with her three darling boys. She also visited her mother at Penryn in the hills around Auburn.

MOVING
Walt Bailey and family are moving to Carson City. I was fortunate

in having Janice Bailey as court clerk for the past year. Now I am equally as fortunate in having Gwen Robinson to take over as the court clerk.

MOVED
DeMers and Meyers, optometrists, have moved their location in Kings Beach to a spot next to the Plevel Do-nut Shop.

SPREADING
John Palmer is spreading his Riviera Shop pretty fast to Kings Beach, Tahoe City, Tahoe Tavern. All open, too.

FASHION SHOW
A dinner followed by a fashion show is being given by the Women's Club of North Tahoe on Monday evening, May 11, at the Nevada Lodge, The Riviera Shop of Kings Beach will show the latest spring and summer styles in dresses, play-clothes and bathing suits. Cocktails will be served starting at 7:00 p.m. followed by dinner at 8:00 p.m. Cost of the dinner is \$2.50 and all women of the area are cordially invited to attend. Reservations may be made by calling Liberty 6-2200.

DRUNKARD
To those that could hear and see the Drunkard, a play that was put on by local talent for the Soropti-

ANNUAL POPPY SALE SLATED AT TAHOE

KINGS BEACH—Plans for the 1959 sale of Buddy Poppies by the Veterans of Foreign Wars and Auxiliary of Post 7077 are underway with the appointment of Earl

mists of North Tahoe and Tahoe City at the Nevada Club last week end, was a huge success both in attendance and talent. It was really an all-star show, it is hard to single them out although Jack Van Allen was outstanding as the villain and Dave Ashton was good in portraying the "Face on the Barroom Floor". The Crystal Bay Club again did themselves proud by serving a buffet to the participants of the show. This show will surely lead to more shows to come! Congratulations to all concerned.

ARRIVES
Donald M. Shaver, arrived Monday from Port Huron, Michigan to stay with his mother, Mrs. W. A. Jones and Mr. Jones and work for Steve Korich of Tahoe City. Hopes to bring his wife and two little girls out here to live shortly.

The Old Timer

"One thing about getting along in years is that you feel your corns more than your oats."

Gray and Mrs. Virginia Karnazewich as chairmen. Gray and Mrs. Karnazewich said the sale will be as follows:

Saturday, May 16: Crystal Bay from 9 to 5.
Saturday, May 23: Kings Beach, Tahoe Vista and Tahoe City from 8:30 to 5:30.

In order to have enough sales people on the streets in Kings Beach, Tahoe City area on the 23rd, the May 16th date set by the national organization will be used this year. Additional sales people can always be used and anyone desiring to help can contact either of the chairmen.

The Girl Scouts of Lone Troop will again assist the Auxiliary members as they have during the past three years. The sponsors have set a goal of 1000 poppies and again ask the support of the people in the North Tahoe district. Posters will be distributed in the area May 8.

GIRL SCOUTS PLAN TO FETE THEIR MOTHERS

KINGS BEACH—The Girl Scouts of Lone Troop No. 1 and the Brownies of the Kings Beach area will hold their annual Mother's Day luncheon on Saturday, May 9 at noon at the Crystal Bay Club.

This annual luncheon is planned by the girls with assistance of their leaders and the members have been busy for the past two weeks making invitations, table decorations and the gifts which each girl will present to her mother.

"How could a date have seemed so important?"

When your mind's not on your driving, you're dangerous! Your car can't think. That's your department—the driver's. So think about this. When your mind is on anything else but your driving, anything can happen—including an accident! Last year, nearly 37,000 Americans died on our highways. Many might still be alive if they or others had kept their minds on the road. So stay alert—and stay alive!

COUNTY WILL SHARE IN STATE TAX FUND

SACRAMENTO — (CNS) — Nevada county should receive an estimated \$288,000 in highway user tax apportionments during the 1959-60 fiscal year, State Controller Alan Cranston estimated today.

Cranston said all the counties would share in an estimated \$82,286,200 in apportionments for 1959-60, an increase of about \$2,937,300 over the amount being received during the current fiscal year, ending next June 30. Cranston said county boards of supervisors are notified of the expected apportionments in advance to permit them to budget accordingly.

The highway user tax comes principally from the six-cent tax per gallon of gasoline. Of this amount, four cents goes to the state highway fund, 1% cents to the counties and the remaining % cent to cities.

President S. Clark Beise spoke by recording to the local staff and 24,000 Bankamericans in branches throughout the world.

In his message, Beise recalled Giannini's vision in founding and building the bank. He asked staff members to join him in rededicating themselves to maintain the simple human values which inspired Giannini's banking concepts.

Giannini was born in San Jose on May 6, 1870, and died June 3, 1949. He founded Bank of America in 1904.

An estimated 4000 million copies of paper-back books were distributed in the United States in 1958.

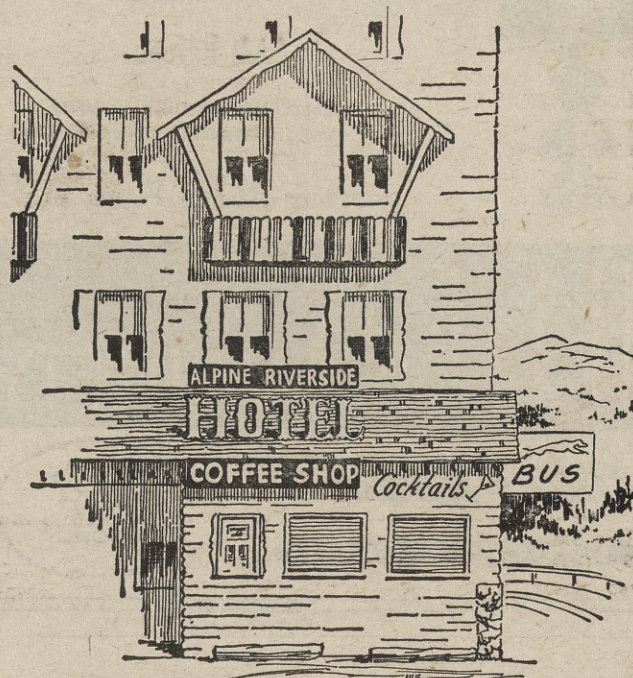

The visiting accreditation committee of the Western College Association compares notes as it completes its two day visit to Sierra College, up for five year accreditation with the association. Shown on the campus at Auburn leased from the Placer Joint Union

High School District are the following members, left to right: Joseph A. McGowan, Sacramento State College; Clifford Boyer, Reedley Junior College; Dr. Stuart Dufour, Hartnell College, chairman; H. Thurston Hatch, Chico State College; John Russell, Menlo Junior

College; Dr. Herbert D. Gwinn, State Department of Education consultant in secondary education. At the extreme right is superintendent Harold Weaver of Sierra. Sierra is presently accredited for a three year period by the association.

PAGEANTRY WILL BE FEATURE OF GAMES

SQUAW VALLEY — One of the highlights of the opening and closing ceremonies of the VIII Olympic Winter Games, to be staged here February 18-28, 1960, will be participation of the largest choral group in Olympic history. Walt Disney, chairman of the pageantry committee, announced today.

Other pageantry features include the traditional entry of the torch, 64 mortars firing flags of all participating nations 800 feet into the air, and a 1,000 piece band combining with the largest choral group of 2,000 voices to present the Olympic anthem.

Inclusion of the 2,000 voice chorus and 1,000 member band, to be composed entirely of California and Nevada high school students, was assured at a recent Squaw Valley meeting. Attending were representatives of the California and Nevada Music Educators Associations, members of the National Interscholastic Music Activities Commission, and Tommy Walker, Disney's pageantry director.

Joseph W. Landon of San Bernardino is president of the music educators association and Darrell S. Winters of Fallon, Nevada is president of the Nevada music educators association. Both attended the meeting.

Dr. Charles C. Hirt, internationally-known director of choral music at the University of Southern California, has been named director of choral music for the VIII Olympic Winter Games.

California and Nevada committees of the National Interscholastic Music Activities Commission will select the high school musicians from tape recordings sent by the student groups. After the high school groups have been chosen, Olympic Games music will be sent to them for preparation. The student musicians must then submit tape recording showing their proficiency on the actual Olympic games music.

The high school groups must submit their tapes to the California and Nevada committees of the N.I.M.A.C. by June 1. The groups chosen to participate in the games ceremonies will be notified of their selection by July 1.

A wide variety of tickets for the international classic are still available. For tickets and housing information, write Olympic Winter Games, San Francisco.

TAHOE WEATHER

TAHOE CITY — With all gates still closed, the level of Lake Tahoe Monday was 6227.93 feet, subject to revision. About a half inch of precipitation was recorded with the showers during the weekend. The temperature has ranged from 20 to 39 degrees.

PROGRAMS OFFERED BY POWER COMPANY

Seven special color-slide programs on food preparation, party ideas and keeping the food budget down are being offered to clubs, schools and other groups by the Sierra Pacific Power Company as a free service.

Mrs. Ruth Powers, Sierra Pacific home economist, announced that the programs, which last from half an hour to 45 minutes, are available to any groups interested in homemaking.

Each program consists of a number of slides in full color, plus comments by Mrs. Powers.

Titles of the programs are Low Cost Main Dishes, Party Fare and Flair, Tricks and Treats with Portable Appliances, Parties for the Young Fry, Holiday Ideas, The Mighty Mite of a Breakfast and Freeze Yourself Some Spare Time.

A folder describing the programs can be obtained by writing or telephoning the local Sierra Pacific Power Company Office. Title of the folder is Homemaker's Homework.

RESIDENTS FIGHT TO KEEP POST OFFICE

The Chambers Lodge post office, an historical landmark on Lake Tahoe, is being threatened with closing and residents of the area want something done about it.

Letters have been sent to United States Senator Thomas H. Kuchel and Congressman Harold T. Johnson of the second, valley-mountain, district.

They point out the post office, which is located on a pier extending out into the lake, had for years been served by mail boats and in turn distributed mail to boaters of the area.

Additionally, they contend the postoffice is needed for use during the 1960 Winter Olympic Games, during which time Chambers Lodge will be headquarters for the cross country races.

Even if the closing is inevitable, they said, the post-office should continue to be operated throughout the games.

AAA OFFICE WILL BE MAINTAINED AT LAKE

The California State Automobile Association will open a new touring office at Lake Tahoe, May 15, to better serve AAA members during the summer vacation season. It will remain open until September 15.

This office, located on State Highway 28, two miles northeast of Tahoe City, will be a convenient summer service center for AAA members and will provide touring information, handle motel and resort reservations, and

perform other AAA services. Ted Daugherty, a senior touring counselor from the CSAA San Francisco headquarters, will be in charge of the office.

Help strengthen America's Peace Power

It's a face filled with peace and strength—the face of the Statue of Liberty.

Interested individuals and organizations today attended a public meeting held to discuss the conversion of U. S. Highway 40 from a four-lane expressway to a six-lane freeway between Auburn and

Heather Glen. District Engineer Alan S. Hart presided at the meeting held in the Veterans Memorial Building in Auburn.

The purpose of the meeting, held

at the instruction of State Highway Engineer G. T. McCoy, is to present the proposed highway development to the public.

A full report of the meeting will

be made for the joint study of the division of highways and Placer County Board of Supervisors for the purpose of arriving at a mutual agreement on the specific pro-

visions to be covered in the freeway agreement between these two agencies.

Engineering personnel from District III, Division of Highways, will

be present at the meeting to answer all questions to the limit of the information available at the present time.

A complete record of this meet-

ing will be forwarded to State Highway Engineer McCoy for his study and to the U. S. Bureau of Public Roads, this being a portion of the interstate system.

TAHOE TRUCKEE SCHOOL NEWS

TRUCKEE ELEMENTARY

KINDERGARTEN: We were pleased with the interest shown in our "Open House" evening. Twenty-five of our pupils were represented by parents and friends.

Donna Horman gave a very interesting account of her recent trip to San Francisco.

Three of our boys were six years old this week. We had a party for them. They were Jimmie Digesti, Chris Boyd and Billy Fordham.

FIRST GRADE: On Wednesday we planted nasturtium and annual flower mixture seeds.

We enjoyed having so many visitors for "Open House".

Twenty-one children had perfect spelling papers this week.

New members of our class are: Danny Dawson, Jackie Warren and Tina Trimble.

SECOND GRADE: Our television set was made ready for "Open House". Those viewing the "Story of Milk" by the second grade were: Susan Scott, Mr. and Mrs. Jack Stowe, Donald Stowe, Mr. and Mrs. Paul Capel and Robert, Mr. and Mrs. George Wurst, Mary Williams, Henrietta Rhoades, Joyce Melugin, Lucille Sauby, Mr. and Mrs. W. Eckerman and the three lovely Eckerman daughters; Arline Smart, Rose Sardi, Jannie Davis, Mary De Lisle, Mr. and Mrs. Richard T. Higgins, Yolanda Olano, Mr. and Mrs. Joe Corro, Mrs. John Rablin, Mrs. Lorrin Ferdinand, Mrs. Katherine Guthrie, Mrs. Winifred Randall, Steve Besio, Darby O'Donoghue, Nadine Neugebauer, Mr. and Mrs. G. R. Decker, Mrs. Marcia McLane, Mr. and Mrs. Spencer Richards, Billie Wieler, Mr. and Mrs. Walter Jellin, Mr. and Mrs. J. E. Houlgate, Anna Franceschini, John R. Boyd, Barry Leamon, John Davis, Bill Davis, Mrs. Robert Leamon, Charles Fink, Dorothy D. Androus, Mr. and Mrs. John Goldsmith.

Best Spellers in the room were: Claudia Rhoades, Terry Higgins, Sandy Davis, Michelle De Lisle, George Franceschini, Curt Mullis, Elizabeth Richards, Jeffery Jellin, Tammy Richards, Brian Smart, Joe Corro, Resan Houlgate, Joe Merica, Steven Silverii, Bruce Leamon, Sandra Ferdinand, Monte Neugebauer, Curt Wurst and Curtis Melugin.

THIRD GRADE: New elected officers for May are: president, Jennifer O'Bear; vice president, Steve Schooley; secretary, Bary Waters; treasurer, Shirley Davis; librarian, Carol Brown; room, Mike Kydd; art, Dick Daniels.

THIRD AND FOURTH GRADES: Boys and girls receiving "A's" in their last three week review spelling test were: Phillip Ridsen, Karel Sauby, Jill Wurst, Jack Melugin, Kathy Braasch, Bill Rose, Cathy Braley, Sue Olano, and Don White-neck.

For our weekly spelling test, Wilbur Glenn, David Higgins, Phil Ridsen, Bill Rose, Augustine Acosta, Pam Horman, Linda Russell, Karel Sauby, Jill Wurst, Nicky Kenyon, Jack Melugin, Len Vind, Kathy Braley, Cheri Comola, and Sue Olano all received 100 per cent.

FOURTH GRADE: Class officers elected for the remainder of the year are as follows: Beverly Holleman, chairman; Ronnie Walker,

co-chairman; and Donna Smith, secretary.

Perfect papers in spelling were achieved by Sharon Petersen, Terri Richards, Ronnie Walker, Beverly Holleman, Donna Smith, Eileen Olson, Gaece Lynn Stewart Gail Englehart, Pat Merica, Tim McLane, Dennis Richards, and Darlene Doolittle.

Gail Englehart and Chris Foster performed nobly as receptionists Thursday night.

Mike Grayson displayed another section of his rock collection.

We all are very pleased to have Cam Houlgate and Izella Wittack back in class.

FIFTH GRADE: For the last two weeks Group A of the fifth grade reading class has been staging operation "Book Review". During this period 40 assorted book reports were turned in by Pam Harp, Chuck Trainor, Doug Nelson, Diane Pankoke, Lorrain Davis and Walt Dallas.

SIXTH GRADE: David Sorani and Mike Sauby made outstanding displays of Canadian stamps mounted in picture frames. These displays made the added touch to the map of Canada which was drawn free hand by Glenda Stark, Tony Kenyon did the painting.

KINGS BEACH

FIRST GRADE: Last week was open house. The following parents attended: Mrs. Harvey Price, Mrs. Herschel Hill, Mrs. Wm. Stevens, Mr. and Mrs. W. Speeter, Mr. and Mrs. Charles Rich, Mrs. J. V. Sergi, Ruth Burris, Mr. and Mrs. Ferguson, Mr. and Mrs. Stumbo, Mr. and Mrs. Larry Sheridan, Mr. and Mrs. Mollhagen, Mrs. E. Stokes, Mrs. M. R. Brown.

SECOND GRADE: Thirty two parents and friends visited our class room Tuesday night, when we observed open house for Masonic Public Schools' Week. From 7:30 to 8 p.m., Mrs. Wing explained to the group what the minimum requirements of the second grade consist of. The following were present at the lecture session: Mr. and Mrs. Paul Mullis, Mr. and Mrs. Harvey Martin, Mrs. William Stevens, Mrs. Ida Marchese, Mrs. Jack Gregg, Eugene Goodrich, Mr. and Mrs. Ronald Barker, Mrs. Corinne Hillesen, Mrs. Harvey Price, Mr. and Mrs. Robert Critchley, Mr. and Mrs. William Mally, Mrs. W. D. Garner, Mr. and Mrs. Howard Mason, Mr. and Mrs. Harry McIntire, John S. Corbin, District Superintendent, Mrs. M. R. Brown, Mrs. E. J. Stokes, Mrs. Guv Wilson, Mrs. Ellen Dennis, Miss Barbara Hancock, Mrs. Wilma S. Rogers, Mrs. Cora Jephson, Mrs. Herbert Gunkel and Mrs. Mike Cinani.

THIRD GRADE: The big news of the week was the Open House held at our school on Tuesday, April 28th. It was gratifying to see so many parents in attendance.

Another reading group has started in a fourth grade reader. This brings our total to 18 who are now at this level.

We are beginning a unit on weather for the month of May. We are going to tabulate the high and low temperatures each day.

We welcomed a new girl from Niceville, Florida. Her name is Gloria Glenn. We hope she and her family will like our beautiful Lake Tahoe.

SIXTH GRADE: This week is public school week. We had open house Tuesday.

We had a science test on health. Those getting an "A" were Eddie

Hoff, Barbara Hutchison, and Estelle Howell. A large number got "B".

Those getting 100 per cent in our weekly spelling test were Robert Axelson, Ronnie Baker, Wendy Boatman, Ronnie Decker, Penny Clarke, Katie Schwiager, Holly Shaw, Linda Sprague, Marie Wainscoat, Lisa Davis, Barbara Hutchison, Gail Fitzgerald, Sharon Ny-Blom and Estelle Howell.

SEVENTH GRADE: On Friday, the 24th, we had a student body meeting. Ricky Krips, the president, called the meeting to order. Karen Critchley read the minutes and Estelle Howell read the treasurer's report. We had to decide what we were to do with the money in the treasury. There were many suggestions. Among them was a suggestion to get a new steel bike rack that would cost just about as much as we have in the treasury. This is what was decided upon.

Our seventh grade invited the sixth grade to our May Day dance which was held in the auditorium. Plans were made by the decoration committee: Betty Christensen, Karen Lee Critchley, and Dana Neustadter; the refreshment committee, Karen Henry, Karla Kiser and Danell Pomin; the entertainment committee, Brad Thompkins, Sandra Riggs and Lee Heise; while Mike Knittell, Rickey Krips, and Greg Thompkins were in charge of clean-up. Harry McIntire, class vice-president, was chairman of the party.

TAHOE LAKE

FIRST GRADE: Tahoe Lake first

graders took a bus trip to James Canyon Ranch Creamery at Genoa, Nevada on Saturday. They visited the creamery and dairy barns. They played with the baby calves in the calf barns. Then they ate their lunches at the picnic grounds behind the Mormon Fort before coming back home.

SECOND GRADE: The second grade studied the map of Tahoe and made drawings of the lake, showing the individual residence and the county line and the state line.

The three outstanding drawings of Tahoe were made by Kathy Mockaitis, Cheryl Bechdolt and Tommy Handy.

FIFTH GRADE: New class officers of the fifth grade are: president, Kristen Meixner; vice president, John Handy, and secretary-treasurer, Joan Palmer.

Monitors are: paper, Tom Kilbourn and Jean Hallifax; equipment, Stephanie Snyder and Jerry Jorgenson; board, Alice Calhoun; room, Benny Keechler; telephone, Julianne Bechdolt.

THE SEVENTH GRADE DANCE

BY KIM TURNER

The seventh grade dance was held Saturday, May 2nd, at 7:30 p.m. in the cafeteria of the High School. The seventh grade of Tahoe Truckee was glad to have the seventh grade from Kings Beach as guests.

A hula hoop contest was held and refreshments were served. A girl from Kings Beach, Karla Kiser,

FIRE PERMITS ARE REQUIRED IN AREA

KINGS BEACH — Fire Chief Curley Mason of the North Tahoe Fire Protection District has issued a warning that because of the extreme fire danger, permits are necessary for all outside burning.

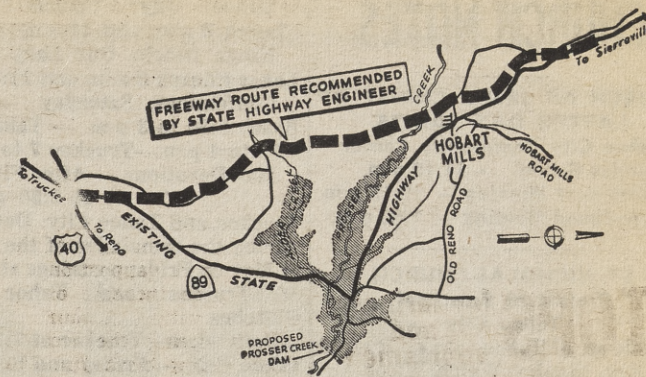

Permits may be obtained by calling Liberty 6-3567 or going to the back fire barn on the Brockway cutoff just off Highway 28. Mason asked that calls for permits be made between 8 a.m. and 6 p.m. Mason also announced that the district had secured the services of Wade Rouse of the forest service for a month before he reports for regular duty.

"Let's be careful with fire and we will continue to be fortunate as we have in the past years," Mason urged.

sang three songs, one of which she wrote herself.

The general chairman of the dance was Carl Shusky, and the other committees were as follows: refreshments, Royann Weatherfield; decorations, Candy Board; clean-up, Jimmy Busch; and program, Erica McLane.

The seventh grade would like to thank the custodian, Mr. Funk; the bus drive, Dick Leon; Mrs. Hintz, who chaperoned; and the seventh grade teachers, Mrs. Sauby and Mr. Mullis.

HIGHWAY COMMISSION STUDIES NEW ROUTING FOR 89 NORTH OF TRUCKEE

The California Highway Commission today took under consideration the adoption of a freeway routing for 6.9 miles of State Sign Route 89 in Nevada County between U. S. Highway 40 near Truckee and 1.9 miles north of Hobart Mills. This section of highway is to be relocated because of a section of the old highway will be flooded by construction of the proposed Prosser Creek dam.

State Highway Engineer G. T. McCoy recommended a route which takes a more direct northerly course than the present highway and which would eliminate an easterly loop in the existing road in the vicinity of Prosser Creek.

A public meeting called by the division of highways was held in Truckee on March 17, at which the recommended route and possible alternates were discussed.

The commission requested McCoy to ask the Nevada County Board of Supervisors if it wishes the commission to hold a public hearing on the matter before further action is taken to adopt a freeway routing.

The proposed relocation is planned as a cooperative project with the U. S. Bureau of Reclamation. Plans of the division of highways call for the construction of a modern two-lane highway with control of access and provision for an ultimate four lane. Cost of the two lane highway is estimated at approximately \$1,065,000, including rights of way.

Congress has appropriated funds for starting construction of the Prosser Creek Dam and reservoir and it is expected that storage of water in the reservoir can commence in the spring of 1961.

This small world gets bigger every year

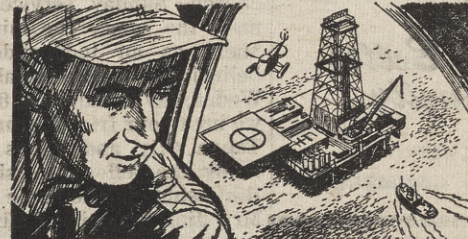

The exciting world within a drop of oil keeps growing as we make discoveries that bring new and better products into your world.

Even now, these products enter every hour of your day — from automotive fuels and lubricants to synthetic fibers for blankets you sleep under at night and clothes you wear during the day.

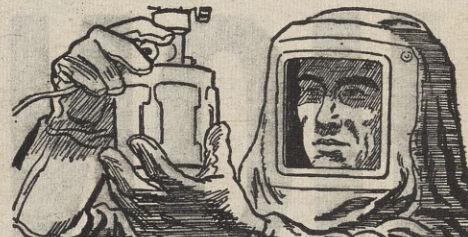

Wax containers that preserve food; plastics, paints, photographic film, detergents, medicines, synthetic rubber and thousands of other items for farms, homes, industry and the Armed Forces now are made better because of oil ingredients which Standard supplies to manufacturers.

But there's more in oil's future — much more. And so last year, as every year, one of our biggest jobs was finding ways to make oil serve you better — using research to create new and improved products, and building facilities to put these products to work.

Here are some of the things we did during 1958 to expand the world within a drop of oil:

To help meet your growing demand for petroleum products, we invested \$235 million for exploration and development in 21 states of the U. S. and 12 other Western Hemisphere countries.

Our research and technical service staff has grown to 1400 people. Today we make more than 1000 products not sold 15 years ago. During that time our research budget more than tripled.

Producing and distributing products takes continuing investments in new refinery equipment, pipelines, tankers, trucks and trailers. Last year, \$108 million went into these new facilities.

Our 38,395 employees were paid \$281 million in wages and benefits. Standard's 152,754 stockholders received nearly 4¢ for each dollar of the market value of stockholdings.

Standard was one of the largest customers in the West. Our purchases included 50,000 items... helped provide jobs and payrolls for more than 10,000 firms in hundreds of Western communities.

Through affiliates, we helped advance progress in more than 70 free Eastern Hemisphere countries. Oil development helps provide jobs; supplies funds for education, health and housing.

This Marriage got off to a happy start...

CHURCH OF THE MOUNTAINS
(Methodist)
John Albert Taylor, Pastor
Phone Luther 7-3637
Church School: 9:45 a.m.
Morning Worship: 11:00 a.m.
Our lives are filled with changes. What was acceptable in one generation is counted as useless in the next. This is dramatically true in the case of the American female. What was once accepted as correct is now regarded as curious. What was once thought of as dedication is now considered decadent. Pastor Taylor will discuss the changing role of women in his Mother's Day sermon, "Goodbye Victoria."

TRUCKEE BIBLE CHURCH
(Non-denominational)
Roy S. Rhoades, Jr., Pastor
Sunday School 10:00 a.m.
Morning Worship 11:00 a.m.
Sunday Evening 7:30 p.m.
Pastor Rhoades has resigned the post of area director with Student Missionary Council in order to be able to continue the ministry here. The pastor will be supported entirely outside the ministry of the church. Sunday services will remain the same. The ministry will stand as an independent, Bible believing, non-denominational work. On Wednesday Evenings at 8:00 o'clock we invite our friends from Truckee, Tahoe City and Kings Beach to enjoy the fellowship, singing and Bible study in the home of Mr. and Mrs. Jim Chastain of Kings Beach.

NEWS NOTES FROM TAHOE

NAOMI McLANE
Box 711, Tahoe City — JU 3-3187

There were undoubtedly many late April birthdays but the only one I know about is that of Christine Plew who turned twelve on April 26. She had dinner in Carson City with her parents, Cliff and Naomi Plew, and her brothers, Bob and Cliffie, to mark this special day.

Lee Burmer is home from her hospital stay in Reno—home to find her third son sick with mumps. Grant had a siege of some 26 days with this no-good ailment and Gary followed after the proper lapse of time with a less serious case. As Lee and Chris say "they have only one more to go." Measles has also mixed itself up in this period.

Chris Burmer would like to remind everyone of the Scouts, Commons Clean-up Day which the weather prevented last Saturday. It will be held this Saturday, May 9, weather permitting. Remember, bring tools of any kind, a lunch, and a parent or two if possible.

Mabel Neilsen is also home from her emergency operation in Reno. She is looking remarkably well and perhaps is getting too active too soon.

Mrs. Max Hoff was called suddenly to Hanford last week because of the illness of her father. It was hoped she could return this week. Max and the children, Eddie, Tommy and Peggy and taking care of themselves.

Mr. and Mrs. John Martinson and

Sunday's message will set forth the "Price and Privilege of Motherhood". We invite all who love the teachings of the Bible, and are willing to leave minor points of doctrine to the individual conscience, to worship with us.

LEADERSHIP POTENTIAL—Learning to move an 11-man pentomic infantry squad under fire takes training in tactics, the results of which are measured by practical proficiency examinations. Private Lupe C. Magdaleno of La Habra, Calif., ponders the movement of his squad to take an enemy hill.

their grandchild, Marcia Mattingly, came up from San Fernando to have a first glimpse of their new grandson, Anders Brink Martinson who was born April 3.

Don Richardson, a Sacramento Bee reporter and photographer, from Roseville spent the weekend in Tahoe City.

Play criticism is not my field but I do wish everyone could have seen The Drunkard, put on last weekend by the Soroptimist International of Lake Tahoe at the Nevada Lodge. The production was utterly delightful and I think everyone was aware that we were seeing three or four truly professional bits of acting along with some excellent amateur work. Holly Wilson as crazy Agnes actually brought tears to the heart and Bob Beaverson and Bud Mandeville delighted us with their respective portrayals of Landlord and the Noble Benefactor. Virginia and Ken Ferrier, Marge Boyer, Norman Wilson, Skip Ferdinand and Jayne Shontz all did very well and Villain Jack Van Allen earned the hisses the audience gleefully gave him.

I cannot mention all the Olio acts that were given under the direction of Jim Chastain but they added much to an already enjoyable "evening of theater". We hope the Soroptimists will do something like this again. Perhaps they can persuade Bob Beaverson to direct them in some serious play.

This Friday and Saturday night brings another comedy to our Lake area the senior play "You Can't Take It With You" at the high school. Drama coach Minor Rootes is director of this whimsy and you who saw his last year's production of "Arsenic and Old Lace" will know we have a treat in store.

SEAT BELTS

SACRAMENTO — (CNS) — You are going to be protected against possible traffic injury by 1962 whether you like it or not, if the state assembly has its way. The house approved and sent to the senate a bill requiring all automobiles to have seat belts by that time.

Delinquency Cure Begins At Home

by Stephen P. Kennedy, Police Commissioner — New York City

Today our young men and women are watching the greatest war in history—the life and death struggle of Communism against Christianity. Whether hot or cold, it is the twentieth-century battle for the minds of all men everywhere.

THIS BATTLE, however, is not limited to foreign countries. Our teen-agers are also being bombarded and affected by Communism's substitution for God—an easy standard of living. Gradually but persistently the question is being raised, "Will our own citizens of tomorrow be able to meet the challenge and withstand the temptations, stresses and tensions of the nuclear age?"

Our juvenile crime rate seems to answer, "No!"

SINCE 1952, arrests of youth under 18 years of age have increased at a rate 250% greater than their population increase! What caused this surge of misconduct?

It is not surprising that crime hits its peak on the threshold of manhood. Growing up is not an easy process. The teen-ager faces many emotional crises and is often poorly equipped to handle them. Then, too, slum areas help breed delinquents though many mal-adjusted youths come from well-educated, prosperous families.

TIME has taught us that there is no single cause which can explain delinquency. Every delinquent has his own unique personality and problems. But if I were

RECEPTION HELD AS THREE ARE BAPTISED

On Thursday evening, April 30th, Laura Gaiennie, Alice Quilici and Robert Edwards, three members of the class of instructions which has been conducted for several months by Father Paul Roswog were baptised by him in the Assumption Church in Truckee.

Sponsors for Laura Gaiennie were Rose Waters and Nat Quilici. Sponsors for Alice Quilici were Mrs. N. Diaz and Doyle McGwinn, and sponsors for Robert Edwards were Mr. and Mrs. Henry Toccalini.

Following the baptisms Mr. and Mrs. Robert Edwards held a reception at their home. The house was decorated in spring flowers and scented candles from Switzerland. Champagne punch was served and two delicious cakes—one made by Mrs. Gaiennie and one made by Mrs. Toccalini.

Guests invited to greet the three who had received the Sacrament were Father Patrick O'Neill, Father Paul Roswog, Messrs. Frank Gaiennie, Nat Quilici, Mike Bimbo and Doyle McGwinn, Miss Mary Zunino, Mr. and Mrs. William Waters, Mr. and Mrs. N. Diaz, Mr. and Mrs. Henry Toccalini, Mr. and Mrs. Rico Quilici, Mr. and Mrs. Bruno Quilici, and Mr. and Mrs. Edward Androus.

IMMUNIZATION FOR GAMES PROPOSED

Health officials are considering the need for pre immunization against communicable diseases among employees, contestants and staff members prior to the 1960 Winter Olympic Games in Squaw Valley.

The state department of health today said this is a result of an outbreak of flu among 240 persons housed in Olympic Village during the North American ski tournament and international skating events held from February 20th to March 3rd. The contests were considered a tryout of the Olympic facilities.

Although those stricken were confined to bed, none required hospitalization.

Kennedy

to emphasize one general characteristic of juvenile cases, I would immediately point out the home environment. Most of the difficulty originates there.

THE HOME is the basic unit of all society. Here the child learns to obey or disobey; here he learns right from wrong. He is either responsive to training or grows rebellious to all authority—his parents, the police, and the clergy.

Millions of parents are bent on seeking pleasure and the "easy life" with little or no regard for the laws of God and man. These parents do not care whether an act is right or wrong, as long as it seems useful at the time. This indifference to decency has permanent effects on their children. Parents who lie, cheat and scandalize their offspring should not be shocked when their youngsters imitate them. Most children arrested have never been properly trained or disciplined in the home.

THE POLICE must constantly fight crime. But crime and delinquency are not problems for the police alone. No criminal law enforcement agency has ever been able to build character or develop all the desirable habits, attitudes, interests and ideals necessary for youths to live worthwhile lives in their community.

Obviously the home, church, school, and other community agencies must all work together if delinquency is to be reduced and children given a sound basis upon which to build their lives. And this cannot start next door. It must begin with the training and example which each one of us gives his children in his own home, today!

† Pooled Feature Service, Washington 17, D. C.

SUCCESSFUL SURPRISE

A breath-taking surprise was the basket of gayly wrapped gifts presented to Mrs. Kate Zoll in her Kingvale home by the ladies of the Summit Sit last Wednesday evening. The group was delighted at the opening of each delicate gift for the expected bundle of joy at the Zoll home. The guests, Francis Dragoo, Nora Heckle, Gloria Read, Mrs. Bartucco, Zona Madden, Joyce West, Violeta Mason, Mary Williamson, Betty Aro, Judy Hambridge, and Mrs. Weese all enjoyed some

of their first fresh strawberries of the season on ice cream served by hostesses Olga Lyddane and Donna Power. The Donner Trail School will be the sight of the next Summit Sit meeting.

NEW AUTOMOBILE

Sporting a lovely new 1959 ivory station wagon is the Soda Springs Zorich family. This week Bud and Barbara will attend the winter sports show in San Francisco where the latest in equipment and togs for skiing will be shown. Sport shop buyers will be on hand ordering merchandise for the 1960 Olympic Winter.

QUEEN CONTEST

Our candidate for Donner Lake queen, Nancy Williamson, was a very lovely runner up at Friday night's Donner Lake Queen contest. We of the Donner Summit area were very proud of Nancy who placed second to winner, Shirley Smith of Truckee.

PUBLIC SCHOOL WEEK

The Donner Trail School enjoyed its first visitors of the year this week in observance of Public School Week. Visiting parents had a chance to see their children at work in their classroom with their teachers. They also saw them playing on the playground and enjoyed with them the delicious lunch served by Mrs. Olga Lyddane in the school cafeteria. Those parents who participated in this program were Mrs. Wetherfield, Mrs. Kaisor, Mrs. Lyddane, Mrs. Mason, Mr. Williamson, Mrs. Dewitt, Mrs. Monroe, Mrs. Hampton, Mrs. Zoll, Mrs. Weese, Mrs. Madden, Mrs. Zorich, Mrs. Aro, Mr. and Mrs. Lummis.

STORMS

The past two week ends have been accented by storms in the Donner Summit Area. The records of the central Sierra Snow Laboratory in Soda Springs tell us the first storm brought 20 inches of very wet snow as indicated by the three inches of water content. This storm caused perhaps more damage than any other this winter. The accompanying lightning blew many fuses in the electrical system and caused several small fires to break out in homes in the area. Many telephones and power lines were broken by the weight of the heavy wet snow. The most recent storm brought us 15 inches of snow containing 1/2 inch of moisture. The forecast is for warm sun and no storms.

FREDERICKS LEAVE

Friends of Lena and Herb Fredericks and Lean's father affectionately known as "Pop" who own

FORESTRY-U.S.A.**A TREE GROWS FOR CHRISTMAS**

and operate the Norden Store gathered at the Sierra Club last week to wish the trio a "Happy Trip". Everyone enjoyed the before dinner goodies as well as the ham dinner prepared by the Sierra Club cooking staff with the help of Betty Hampton and Betty Board. To wish them well the Fredericks were presented with a scroll signed by many of their friends and a lovely painting of the Donner Party. "Pop" was given a traveling bar in a leather case. May 2nd the three left Norden and went to San Francisco where they will board a transpolar flight to Hamburg, Germany, arriving May 5th. After being away for 25 years the group is expected to be met in Hamburg by many joyous friends and relatives. Until their return before the Fourth of July, the Norden Store will be in the hands of Betty Aro and Betty Board.

TTTA MEETS

Most of the teachers in the Tahoe

Truckee Teachers Association were present at their recent meeting held in the Truckee High School. Guest speaker at the meeting was Mr. Reese of the San Francisco Teachers Association office who gave a very informative talk on the teachers retirement system. The important order of business was the election of officers. A unanimous ballot was cast for the following officers:

president, James Reynolds; vice president, Virgil Mullis; secretary, Mrs. Henke; treasurer, Mrs. Putynkowski; professional relations chairman, Arlene Roth. The new slate of officers took office immediately for the forth coming school year.

FIELD TRIP

Very good guides to the Donner Trail School students who visited the Big Bend Ranger Station were both Ranger Dragoo and his wife Frances. The students were shown the office and acquainted with the work done there. They were given several posters and other material

NOTICE TO CREDITORS AND HEIRS

SUPREME COURT, STATE OF CALIFORNIA, FOR THE COUNTY OF NEVADA

ESTATE OF WINONA R. FISHER, deceased.

WINONA R. FISHER a resident of Eagle Bridge, Town of White Creek, County of Washington and State of New York, died October 14, 1958 and her Last Will and Testament was duly admitted to Probate in the Surrogate's Court of the County of Washington, State of New York, on October 22, 1958.

The Bank of America at its Truckee Branch is indebted to and now holds personal property of the decedent and the Executor desires to receive such personal property and to remove it from the State of California and hereby requests all persons having a claim against the decedent or an interest in her estate, either as creditors, heirs, legatees or devisees to give written thereof to the said Bank of America at its Truckee, California branch within three months after the first publication of this notice.

to help them better understand the work of a ranger. Ranger Dragoo showed the children much of a ranger's equipment and explained its use. The group received an explanation of the forest service fire truck and its workings.

The Donner Trail school has obtained a burning permit which is required by anyone who lives in a national forest and does burning.

WATER SKIERS

Even though slight snows were

falling several of the Donner Summit residents were seen at Donner Lake this past week end attempting some water skiing. I am sure they have the doubtful honor of being the first of the season. Because of their blue color caused by the extreme cold it was difficult to separate the skiers from the water.

SKI CLUB MOVES TO MAKE NAME CHANGE

TAHOE CITY — The Squaw Valley-Lake Tahoe Ski Club at a thinly attended meeting April 24, voted 14 to 8 in favor of dropping Squaw Valley from the name of their organization.

President Dave McBride said the matter will go to the club's 25 directors for final decision. Only nine directors rather than the necessary 10 were present during

the meeting.

It was emphasized that the change would mean no lessening of support for the 1960 Winter Olympics in Squaw Valley.

Some suggested the name change should be held up until after the games.

Mr. and Mrs. William Haste who have been at Gardena are greeting friends at Tahoma. Mrs. Haste said they have the water system turned on early this year, insuring more

COUPLE STRANDED ON LIFT GIVEN DAMAGES

Mr. and Mrs. Clifton Eugene Woodland of El Centro, who were left stranded halfway down Squaw Valley Peak ski lift last summer when the lift was closed down at 5:10 p.m. were awarded \$20,000 by a Placer county superior court jury at Auburn this week.

The Woodlands had sued Squaw Valley Development Company for \$75,000.

Rather than face a night in the ski lift at that elevation, Woodland climbed from the chair, fell to the rocks below, fracturing an arm and ribs and then crawled and staggered to Squaw Valley to give the alarm concerning his stranded wife. She was rescued in the early morning.

CLOSE FOLLOWER IS BLAMED FOR MISHAPS

The driver who follows the car ahead too closely may be a figurative "pain in the neck" one minute and a literal one the next, declares the California Highway Patrol.

"The whip-lash caused by a rear end collision is really much more than just a mere 'pain in the neck'—it can be and often is a serious and permanent injury," states Bradford M. Crittenden, commissioner of the patrol.

Crittenden noted that in 1958 about five percent of all fatal and injury accidents on California's streets and highways involved a driver who was "following too closely."

"Most of these accidents are inexcusable," he continued. "Drivers who follow the car ahead too closely ignore the physical laws involved. Reacting time and distance required to stop a car must be considered in determining the safe distance to maintain. A good rule-of-thumb is one car length for each ten miles of speed. This will normally allow for safe stopping on dry pavement, but should be increased on wet pavement or under other adverse conditions."

The United States has become increasingly dependent on foreign sources of supplies for raw material.

GAMBLERS WARNED OF LATEST RULING

RENO — The Nevada Gaming Control Board has served notice on seasonal Lake Tahoe gamblers licenses will not be issued almost as a routine in the future.

William Gallagher of the control board suggested the board notify Lake Tahoe operators who close their casinos during slack winter months that their requests for licenses will be considered as new applicants beginning next year.

This means that instead of stamping approval recommendation on the applications the board will investigate fully before recommending whether the license should be issued.

UTILITY DISTRICT IS DELAYED BY BOARD

AUBURN — A petition for the formation of a public utility district at Carnelian Bay, Lake Tahoe, has been returned to the petitioners by the board of supervisors because it was not in order.

The board ordered the return upon the advice of District Attorney Al B. Broyer.

The petition, signed by nine persons, was accompanied by letter from Cliff Hicks and James V. Sergi of Carnelian Bay.

Don Kaastrup has arrived at Tahoe City to join Mrs. Kaastrup in the management of the motel they bought last fall from the Charles Shermans who are living at Lodi. The newcomers are pleased with their new location and rapidly making friends in the community.

The Saguaro or giant cactus is the largest in the United States.

Knauss related, one man held a knife to his throat while the other tied him up with his belt.

POLICE PROBE STORY OF TRUCKEE VICTIM

REDDING — The police are investigating the report of Everett E. Knauss of Truckee, Nevada County, that two men and a woman robbed him of \$200 at knife point.

Knauss told Special Investigator Phil Stevenson he met the trio on California Street and took them to a dance in Buckeye, Shasta County. On the return to Redding,

DEVELOPMENT OF THE BUSINESS

Comparative data for the use of electricity by residential customers in the county as a whole, as well as other communities are readily available and present a bright picture when placed beside the Truckee results. In Truckee the average consumption per residential customer is almost twice the national average. The average use has been growing in Truckee at a faster rate than for the nation.

TABLE 2

Average Number of Kilowatt Hours Sold per Residential Customer:	National Average	Truckee
1956	2,969	5,425
1957	3,174	5,899
1958	3,377	6,349
Percentage Increase:		
1957 over 1956	6.90%	8.74%
1958 over 1957	6.40%	7.63%

Among publicly-owned utilities in California, Truckee's average sales per residential customer rank very high. A recently published list gives the following figures for ten such public bodies. Truckee's data have been added at the bottom of the list and appear to be the second highest in each year.

TABLE 3

	1956	1957	1958
Alameda Public Utility Department	2,238	2,295	2,379
Burbank Public Service Department	2,330	2,430	2,530
Glendale Public Service Department	2,136	2,232	2,400
Los Angeles Dept. of Water & Power	2,106	2,158	2,278
Modesto Irrigation District	3,919	3,855	3,525
Palo Alto Electric Department	2,506	2,538	2,804
Pasadena Municipal Utilities	2,224	2,353	2,395
Riverside Public Utilities Department	2,880	2,760	2,794
Sacramento Municipal Utility District	3,065	3,338	3,597
Turlock Irrigation District	7,605	7,941	8,400
Truckee Public Utility District	5,425	5,899	6,349

It is thus evident that the sales and pricing policies of the electric department have resulted in widespread use and enjoyment of electric service by residential customers in Truckee, and a growth of such use which may be considered outstanding for a utility and community of its size.

At the same time, the revenue per residential kilowatt hour sold has declined slightly in the county as a whole, and in Truckee, too, starting here at the lower level in 1956.

TABLE 4

	National Average	Truckee
1956	2.60c	2.28c
1957	2.56c	2.23c
1958	2.53c	2.16c

No data on familiar figures are available for the California publicly-owned utilities listed above.

The residential comparisons here given are very important, because, in Truckee, residential customers represent 70.48% of the total number, consume 45.72% of the electricity sold, and provide 40.27% of the revenue. The corresponding national percentages are 85%, 27.9% and 41.3%, respectively.

TEENAGERS
Continued from Page 1

be provided in advance and the painting will begin about 10 a.m. Saturday morning.

Immediately following the record attempting task, two other houses are scheduled for painting and at noon the Rainbow Girls of Hope Assembly will serve lunch at the fire station free of cost to the youngsters and others engaged in the project.

Rose announced at Tuesday's committee meeting that Ken Ford has volunteered his equipment and two men to assist in any hardship cases designated by the paintup committee.

Richard Walker, who handled the sound truck so well during the paintup campaign two weeks ago, has again been assigned that task for Saturday.

Everyone Welcome

Everyone volunteering to assist in Saturday's project is asked to bring a paint brush and a one-pound coffee can if possible as there may be a shortage of this type of equipment.

The affair will not be limited to the teenagers, Rose emphasized, and everyone is asked to turn out for this big event.

HOUSING DETAILS
Continued from Page 1

Quincy plus an estimated 15,500 in the Sacramento Area. All told, 53,412 accommodations are listed within 120 miles. Squaw Valley's daily capacity is 35,000.

At the same time, McMahon outlined the procedure for public housing requests during the winter games, February, 18-23.

Under the plan, applications (obtainable by writing Olympic Winter Games, San Francisco) are forwarded to the housing director for distribution among the 14 Olympic civic housing offices throughout the acute area. These Olympic civic housing offices assign the applications directly to a hotel or motel, depending upon the requirements of the requesting individual. The housing offices include Truckee Donner Chamber of Commerce and North Lake Tahoe Businessmen's Association.

McMahon noted that requests for housing during the entire 11 days of the competitions were receiving priority by the resort operators, particularly those within a short distance from Squaw Valley.

At present, no public housing is available at Squaw Valley itself, except through the private home owners. The Squaw Valley lodge will be utilized by the organizing committee for officials during the games' period.

Approximately 35 of the roughly 100 private homes at Squaw Valley have been made available for renting during the Olympics with prices ranging from \$10 to \$20 per person per night, most of them requiring a minimum of nights.

Resort owners cooperating with the organizing committee's plea for reasonable rates during the games' period will be recognized by a flag bearing the organizing committee's official emblem.

Wolverines Close
Successful Season

BY JOHN FIRPO

Sports Editor Tahoe Truckee H. S.

Coach Cal Farley can justly be proud of his squad as can the rooters that have backed the Wolverines throughout their "59" campaign. The Tahoe Truckee team completed a season that will be always a challenge to top by coming ball clubs at TnT.

Led by their strikeout artist, Craig Robinson, who incidentally did everything but write the game, the Cardinal and White slapped two more victories on to their record last week and completed the season with a 11-2 overall showing and 8-2 conference standing good for a tie for second place with Sparks.

Latest victims of the Wolverines machine were Elko and Fallon who fell 4-3 and 4-0 in that order.

Robinson wound up with six wins and one loss (that to the league champs, the Reno Huskies) and thus established a school win-loss percentage never before equaled. The right-handed senior, whose curve and fast ball caught so many batters looking on the third strike, ended a brilliant high school career by striking out 116 men in 52 1/3 innings pitched. His batting wasn't to be overlooked either as he rapped out a .473 average.

Over the weekend the visiting Mountain Men spilled Elko 4-3. John Zanotti started for the locals and got help on two occasions from his pitching cousin. The Mountaineers started the scoring battle in the third. Trainor walked and stole second, advanced to third on a deep fly to right and later scored on Robinson's single to send Truckee into an early lead of 1-0. In Elkos part of the same frame they gave Zanotti some trouble. A single then an error on the TnT shortstops part allowed the Indians to knot the score 1-1. When the next batter singled to place men on second and third, Robinson came into to relieve. The second pitch got past the catcher and the second Elko run of the inning scored.

Then the home team was set down without any further adieu. In the fourth the Wolverines came up with 3 runs to spur back into the lead, 4-2. But Elko closed the gap again in their fourth, 4-3. With a runner on second base for the Nevadans in the form of the "equalizer" Robinson again was called on to put out the fire. He struck out the side to preserve the win.

Following day the traveling band invaded the realms of the twice State Champion, Fallon Green Wave to try and tie for second place in the final standings. Farley played for the single run each to get all the insurance he could for his hurler. Trainor doubled with two away in the first and scored immediately on Robinson's single.

In the third, Craig's brother, Mike walked; an error on an attempt pickoff sent him to second where Woody Ribal sacrificed him to third. Buzz Trainor flied to right and Robinson scored after tagging up to boost the TnT lead to 2-0. In Fallon's half of the fourth, their Center Fielder, Wood, cracked the only base hit of the day off Robinson.

Truckee continued to pound out the small lead in their fifth by getting their third run; Decker doubled, Mike Robinson sacrificed him to third and Woody Ribal squeezed him home. The last scoring in the game came in the 6th by the Mountain Men when Robinson picked up his third base hit of the trip. With two down Marty Kumle also singled and Bill Notley was on via an error to load the bases. Robinson scored the last run on a passed ball to give Tahoe Truckee the win, 4-0.

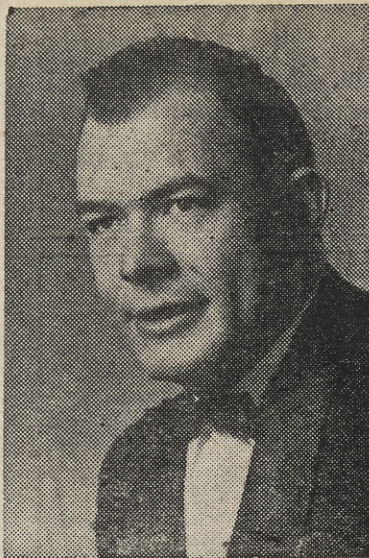

During the year the averages were kept and are now compiled thusly: Buss Trainor closed his high school career also and ended up with a .273 percentage; Juniors and returning next year are Woody Ribal (.297), Sam Medford (.500), Marty Kumle (.222), Bob Ziegler (.182), and Doug Kaylor (.200); Sophomores include Bill Notley (.222) and Mike Robinson (.174); and finally Freshman John Zanotti (.325) and David Decker (.250). Pitchers besides Robinson were John Zanotti and Sam Medford, 3-1, 2-0 respectively.

POT LUCK SUPPER IS
PLANNED FOR MAY 12

The annual pot luck supper of the Truckee Neighborhood Girl Scouts will be held in the high school cafeteria at 6:30 p.m. on May 12. An invitation is being extended to all friends and parents of the group according to Mrs. W. D. Randall, director.

If mothers have not yet been contacted for the supper dishes, they are asked to contact their child's troop leader for the information. Intermediate Scouts and Brownies will take part in the following program, after supper and plans for the August day camp will also be discussed. Mrs. Randall is asking for volunteer help both for the preparation of the program for camp activities and the actual camp period.

Mrs. M. Pike wrote of her address change from Tucson, Arizona to Brockway, planning to remain here indefinitely.

Donald R. Smith

GRAND MASTER WILL
VISIT I.O.O.F. LODGE

Donner Odd Fellows Lodge No. 162 of Truckee will be host to Donald R. Smith, Stockton, Grand Master of the Odd Fellows' Grand Lodge of California and representatives from all lodges in Odd Fellow District No. 4, on Tuesday, May 12th in the Odd Fellows Temple.

The meeting has been called by Grand Master Smith for the purpose of considering the possibility of re-organizing District No. 4 to include the Truckee Lodge and to withdraw part of the lodges to form another district.

Lodges sending representatives for the meeting will be Grass Valley Lodge No. 12 of Grass Valley; Oustomah Lodge No. 16, Nevada City; Olive Lodge No. 81, Dutch Flat; Colfax Lodge No. 132, Colfax; Auburn Lodge No. 7, Auburn; Covenant Lodge No. 73, Foresthill; Valley Lodge No. 107, Lincoln; Roseville Lodge No. 203, Roseville; and Rocklin Lodge No. 337, Rocklin.

Smith re-instituted the Donner Lodge last December with other officers of the Grand Lodge. The Truckee ceremony marked the first institution in California with several new lodges having been organized since that time.

Other Grand Lodge officers expected for the meeting will be George Hanaford, Folsom, grand marshal; Allen English, Los Banos, grand conductor; Howard Swindelle, Suisun, grand chaplain; and John B. Hansen, Newcastle, district deputy grand master.

Charles F. Vind, noble grand of Donner Lodge will preside over the meeting assisted by Erwin M. Single, vice grand. Rebekah Lodge will serve on the refreshment committee.

FLOWERS FROM VALLEY

Mr. and Mrs. Michael McManus of Menlo Park have been staying at their place in Meadow Lake Park, bringing bouquets of spring flowers to local friends from their home in the valley.

Mesdames Jack Ellis, Jack Neugebauer, Lauren Russell, David Rose, Karl Kielhofer attended the tournament and luncheon given Thursday by the women golfers at the Washoe Golf Course at Reno.

Elks Of Area Will
Form New Lodge

The Tahoe Truckee Elks Lodge organizing committee, announces its first ladies night. Dick Brennan, chairman, has completed final arrangements for a gala event May 20, at the Crstal Bay Club.

Dinner will be served at 7 p.m. and all Elks in the Tahoe Truckee-Soda Springs area are invited to attend, as well as all new applicants signed up for membership in the new lodge. The charter is open until the 20th and it is hoped that we will be able to announce institution date at that meeting. All Elks are reminded to bring all of the new candidates proposed and at least one new candidate.

Past Exalted Ruler, Anthony Borrelli has been the guiding hand in forming the new Elks Lodge in the area. He will have as his guest that night, John Raffetto, immediate past president of the California Elks Council and also the deputy of the grand lodge for this district. Many facts about Elksdom will be discussed at this meeting.

Tickets for the dinner will be on sale at the door at \$2.50 per person. Chairman Brennan expects to have about 200 persons attend to hear the representatives of the grand lodge tell the story of Elks and their part in community life.

Organizing meetings have been held every Wednesday night at the Community Hall in Tahoe City and the meetings will continue to be held at that location starting at 8 p.m. Anyone wanting to become a candidate can get an application for membership at those meetings or from any of the many Elks already in this area. Initiation fee before the charter closes is only \$25.00, after the lodge is instituted this fee will double.

SAFETY THEME WILL
FEATURE PTA MEET

The May meeting of the Truckee Elementary P. T. A.—and the last meeting until school reconvenes in September—will be held Monday evening, May 11th, at 8 p.m. at the elementary school.

Mrs. Calvin Farley, president, will introduce Mr. John Corbin, superintendent of schools, who will talk briefly on the school bond issue.

The remainder of the program will be devoted to the theme of summer safety practices. First and second prize winners in the recently held safety essay contest will read their winning essays. Names of the winners are to be found elsewhere in this issue. Winners in each division will then be awarded their prizes by the following special guests: Sgt. Frank Snyder, Ervin Single, Roy W. Saarni, and Miss Phyllis Carter. Brief three-minute talks will also be given by each of these guest speakers pertaining to the various divisions of the contest.

The winner of the room count banner will also be determined Monday evening. The winning grade will be feted with a special party on Friday afternoon, May 15th.

CAR WASH SATURDAY

Father Paul Roswog announced that the car wash project planned as a benefit for the Catholic Youth Organization postponed last Saturday because of storm, will be held this Saturday between 10:30 and 3:30, weather permitting at Osburn's Flying A Station in Truckee and at Frie's Richfield Station at Gateway Park.

ATTENDED FUNERAL

Mr. and Mrs. Harry Stout have returned home after attending funeral services for the former's elderly mother in Oakland.

NOTICE

I will not be responsible for debts other than those contracted by myself as of 4-6-59.
